

Announcement

Dear Client & Prospective Client,

On behalf of the people of OSSI Connector A/S and CDM Jevons Inc. We are pleased to announce CDM Jevons Inc. as the Exclusive North American Distributor for OSSI Connectors A/S of Maribo Denmark.

CDM Jevons Inc. are manufactures and distributors of EMI/RFI connector covers and custom interconnect solutions for applications in the Telecommunications, Medical, Transportation, Aerospace and Instrumentation industries. The alliance with OSSI Connectors will add a number of new innovative products, engineering competence, rapid prototyping capability, substantial vertical integration and depth in inventory.

At the core of OSSI Connectors & CDM Jevons success is a firm conviction to create "Innovative - Cost Effective - Customer Driven Solutions". Our successes are born of being first responders, "In the right place, at the right time with the right product". As a result, many of our original ideas have become solutions which are ubiquitous in the markets we serve.

With stocking facilities located at Schomberg Ontario Canada, Buffalo New York USA, and Maribo Denmark, we are structured to respond rapidly and meet your needs locally.

Finally, we appreciate the time taken to consider this letter. Should you have any questions or require immediate assistance, please do not hesitate to call or email.

Yours truly,

Dave Jevons
President
