

New trainee at Ossi Connectors

Ossi Connectors welcomes Kathrine Larsen as trainee in our administration. She will be working as office apprentice for the next two coming years. Kathrine graduated from EUX business in June 2020. Ossi Connectors will contribute to Kathrine`s further education by combining practice in our office and occasionally update her progress at school. After these two years, trainee session is complete and Kathrine will no longer be apprentice. We kindly ask you to welcome Kathrine when you are in contact with her by telephone or e-mail.
